Dear Tina and David

Re: Delegate Planner Online

Organisational growth had increased the number of training courses we provided, however, coordinating these courses on Excel was very time consuming and cumbersome. We recognised we needed a training system that could cope with both internal and external courses and selected Dante Systems because it not only met our needs but we were impressed by the level of support Dante were prepared to offer us.

The transition from our manual system to Dante's Delegate Planner Online was seamless, with friendly and informative training, recommendations and advice, which have been on going since the implementation.

The system has made a big impact, not only on the people who operate it but for the whole organisation. There is an improved level of service from the Learning and Development department and more importantly the tracking, waiting lists and management reports can now be relied upon.

By working closely with Dante we have developed a streamlined system that gets the job done in minimal time. We are extremely happy with Dante Planner Online and thank you for your continued support.

Yours sincerely

Louise Wood
Learning and Development and Internal Communications Assistant
