Dear Tina and David,

Delegate Planner Online testimonial

Delegate Planner Online has become invaluable and I am not sure how I would manage my work without such a system. Before all the training was collated in numerous Excel spreadsheets but now the information is stored in a reliable, user-friendly, accurate database. I was very impressed with the intense 2-day training and came away feeling very confident with using the system. It has since proved very time-saving and streamlined a number of administrative processes.

It is really useful the system being 'online' as it renders it possible to use the system from a number of locations and makes it possible to work from home.

I feel very comfortable approaching Tina and David if I have any problems and I feel secure in the knowledge that they would be able to help and provide a solution.

Thank you very much for improving our way of working!

Yours sincerely
